Innovative glass for a better world

## About the Arc Group

World leader in tableware, the Arc group creates everyday innovative and sustainable glass solutions to enjoy eating, drinking and home experiences.

Through its brands - Luminarc™, Arcoroc™, Cristal d'Arques™ Paris and Chef&Sommelier™, Arc is aimed at both individuals and professionals. The Group is present in many markets, in particular that of mass retail, hotels, restaurants, bars and cafes, wine merchants, and collective catering (schools, hospitals, retirement homes, and company canteens). It also provides tailor-made solutions for manufacturers and promotional items.

The Arc group is actively reducing the environmental impact resulting from the design, manufacture, use and recycling of its products by implementing a new circular economy model, including offering innovative and sustainable glass containers as alternatives to single-use plastic.

With production sites in France, the United States, China and the United Arab Emirates, the Group produces more than 4 million items every day. Arc employs more than 7,000 people and generated sales of 900 million euros in 2022.

Recognised for the quality of its products, **Luminarc** brings its inventive and modern style to consumers everywhere, embodying a creative and joyful French style of living.

# Luminarc

**Luminarc** is combining creativity and industrial expertise to provide the highest quality products at affordable prices. Our R&D center is equipped with a latest-generation laboratory. Chemists and researchers are pushing back the limits of technology to create types of glass with unique properties. **Luminarc** collections offer to consumers new innovative types of glass with great functionality, such as black glass, colored opal and culinary opal.
