

The **Brixton** collection brings back the authentic style of thick-bottomed structured tumblers. This balance between tradition and modernity will inspire mixologists and bartenders to create cocktails. The mouldings of the glasses bring a touch of sophistication to a bar and highlight any style of cocktail or spirit. The tall version is ideal for serving sodas, fruit juices or flavored waters. This line of 4 cups 45cl, 35cl for the high shape, 31cl for the tubo and 30cl for the low shape, is a concentrate of aestheticism at the service of master bartenders' know-how. Thus the collection is perfectly suited for professional use thanks to its high quality.

**Brixton**

NEW
