

The *Exaltation* collection, made from extra-strong Krysta crystalline glass, pushes the technical boundaries to enhance the tasting experience. Its flower bud-shaped aromatic chamber and the way it delicately deposits the liquid in the mouth exalt the sensations. Particularly appreciated for its rounded bowl, the Exaltation collection is available in both wine and performance flute forms.

75 cl - 26¼ oz  
Ø M = 106 mm  
H = 260 mm  
W = 280 g  
**V6719**  
2 x 6 pack

55 cl - 19¼ oz  
Ø M = 96 mm  
H = 239 mm  
W = 195 g  
**V6189**  
2 x 6 pack

47 cl - 16½ oz  
Ø M = 91 mm  
H = 227 mm  
W = 185 g  
**V6190**

4 x 6 pack

The flutes are specially designed for serving champagnes and sparkling wines. The bowl shape is optimized to stir and propel the aromas to the surface, thanks to a brand-new effervescent treatment

\*A UNIQUE EFFERVESCENCE TREATMENT

# Exaltation

The **Exaltation** flutes (30 cl and 35cl) have all the essential features needed for tasting champagne and sparkling wines.

The transparency and touch is so delicate on the mouth, that you could almost forget about the glass, were it not for the way it turns every tasting into a voyage.

*Straight shape of the upper bowl*

To enable the wine to be deposited correctly on the tongue, thus revealing the balance of sensations associated with the freshness and smoothness of champagne.

*Ideal contact surface for detecting aromas*

The volume of the aroma chamber and the wide contact surface enable the bouquet to open up and the aromas to develop.

*Perfect distance between the surface of the wine and the nose*

The gas cloud thus remains contained inside the bowl, resulting in less of a tingling effect during the smelling and tasting stage.

*New laser effervescence treatment*

Resulting in a complex movement of fluids that enables the bubbles, which carry odour molecules, to swirl around the entire volume of the bowl. The most subtle and least volatile aromas are thus released at the surface. In addition, the visual effect is spectacular!

**Exaltation**  
New glass designed with  
world's best sommeliers  
especially for sparkling wines

Gastronomy professionals are searching for glasses that satisfy their needs in terms of perfection and sophistication. Their desire: splendidly elegant table settings with fine, lightweight, extremely transparent products. Their professional needs: intensive daily use requires products that are highly resistant to shocks and detergents. To meet these challenges of aesthetic excellence and resistance, the Arc Research Centre has introduced a new generation of **lead-free crystal** - Krysta, combining superior strength with exceptional finesse.

## SUPERIOR STRENGTH

**Finer and stronger:** the Krysta innovation.  
**Lip :** with a thickness of 1 mm, KRYSTA is 30% stronger than other standard crystal glasses on the market.  
**Stem :** ultra-delicate stems (~6 mm in diameter) have twice the mechanical resistance when crafted of Krysta than other standard crystal glasses  
**Savings across the entire chain:** fewer breakages and chipping during transportation, storage, washing and polishing.

## COMPLETE TRANSPARENCY

Krysta is the purest and most transparent crystal glass on the market. The perfect mastery of its composition, the quality of the sand used, and fusion at a very high temperature gives Krysta perfect transparency.

- Tables enhanced by the sparkle of Krysta.
- The vessel of every wine respected to perfection.

## LONGLASTING BRILLIANCE

Krysta has extreme brilliance sustainable over time. After 2000 cycles in professional dishwasher, Krysta keeps its original brilliance and transparency.

- Glasses that bring their unique brilliance onto your tables.
- Lasting glow you will keep for a long time.

## COMPLETE TRANSPARENCY

Thanks to its exclusive formulation, Krysta produces a clear and pure sound in the traditional sound of the best crystallines.

- **The appeal of Krysta:** a unique sparkle associated with a singular sound for a refined sensory pleasure.
