Disco

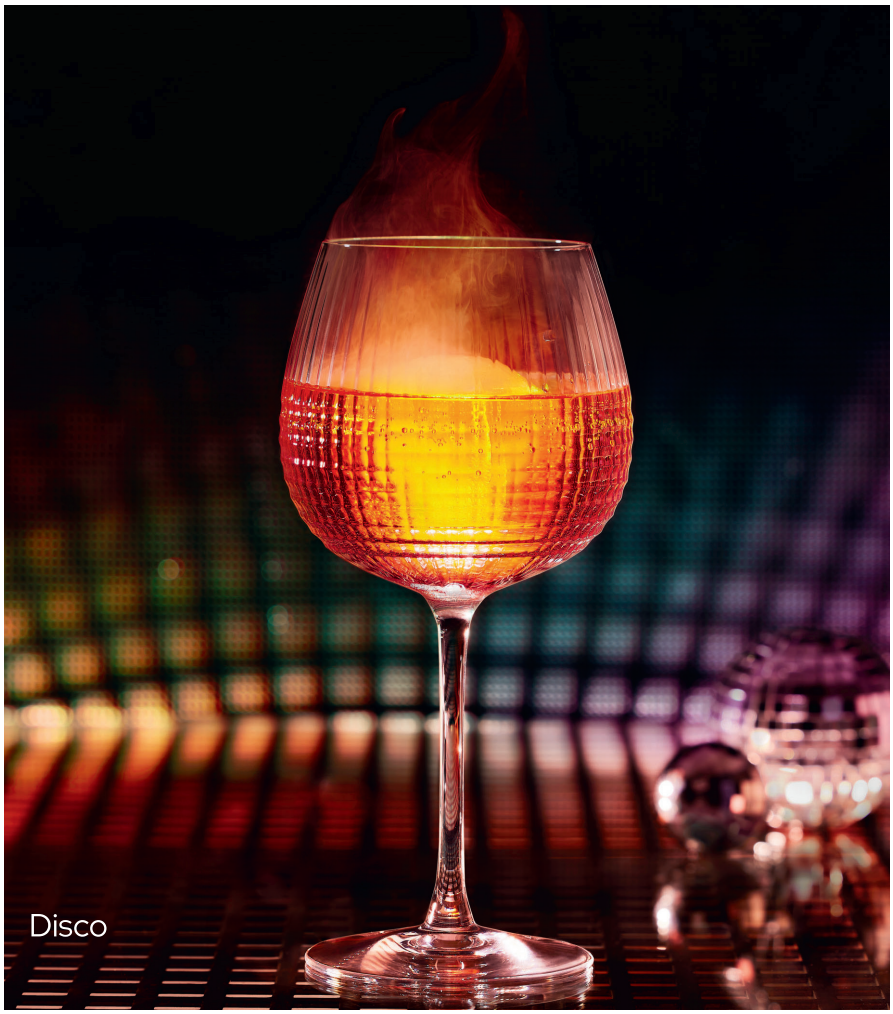

arc UK

For 2026, Arc unveils a new wave of product innovation shaped by premiumisation, evolving consumption habits, and professional performance.

Arc's brand Chef & Sommelier reinforces its premium crystalline offering with Extra-thin Krysta glassware, crafted in France. Designed for exceptional lightness, finesse, and balance, these collections feature ultra-thin rims, slender stems, and wide feet to enhance tasting precision and elegance.

Arcoroc introduces high-quality crystal glass across new and existing collections, delivering exceptional brilliance, durability, and a refined sensory experience. Disco collection debuts as a complete cocktail solution with six contemporary shapes, each designed for specific serves - from Spritz and Mojito to spirit-forward classics.

Galea

Disco

Sleek silhouettes and fine rims combine style and practicality, making the range ideal for high-volume service. Wells joins as a new beer stemglass concept, elevating beer presentation with unbranded crystal glass formats suited to craft, local, and premium brews.

For desserts, Jolly bowls offer a modern, versatile design that showcases layers, colours, and textures—perfect for the growing trend of visually striking, shareable creations.

Together, the 2026 innovations reaffirm Arc's commitment to elevating presentation, experience, and value across the table.

The Jolly Bowl brings a modern shape to the table, following today's dynamic dessert trends. Available in 35cl and 45cl sizes, it showcases colours, layers and textures to create a visually striking and elegant presentation. Its versatile design enhances the customer experience and meets the growing demand for visually appealing, 'instagrammable' desserts.
