Cottage

Timeless and authentic

Marion Bendjaballah
Dinnerware product manager:

“A technical challenge, an innovation by Luminarc, without a doubt a future best seller!”

We are very proud to present Cottage, the result of several months of research and testing to achieve this timeless and authentic shape with a **handcrafted spirit**.

This collection is a refined **play of textures** where the meticulous work and the constant search for innovation of the Arc France Industry workshops is revealed.

The Cottage plates invite you to touch, to be surprised by their play of contrasts and light.

Decorated with a subtle relief, a **soft and delicate structure**, Cottage is perfect on any occasion.“
