

The **Brio** collection is composed of a 21cl coupe and two flutes 16cl and 9,5cl. The rounded contours of the three glasses are a guarantee of elegance and refinement. The leg is stretched without being too high for a good stability. The extremely slim drinking bowl offers maximum comfort during tasting. The entire collection is equipped with the effervescence plus technology which allows a beautiful and fine bubbling of champagne and sparkling wines. The Ultra Transparent glass contributes to the enhancement of this bubbling and the colors of the liquids. These stemmed glasses are perfectly adapted to different needs, in a bar for cocktails or champagne, on a buffet for a flawless service.
